MATH TRIO CLAIMS TOP SPOT IN TAGISAN NG MATHITINIK

The Math trio composed of **Michael Gerard R. Tongson** (5 Philippines), **Gadriel Symone R. Dalangin** (6 China), and **James Gabriel R. Valencia** (6 Russia) claimed the top spot in the *Tagisan ng Mathitnik 2019* last January 30.

Michael, Syd, and Nonoy were hailed the **CHAMPIONS** among 25 participating schools in the competition. Stonyhurst Southville International School congratulates these wizards for exemplifying excellence in the competition. A big congratulations also to the Math Department headed by **Ms. Jeanel Sanchez**, for yet another amazing achievement; to the supportive parents; and to the coaches – **Sir Rodel Acuña** (for Algebra), **Ms. Rhuby Vergara** (for Geometry & Combinatorics), **Ms. Joana Gajardo** (for Number Theory), and **Ms. Geraldine Pasia** (for Sets & Logic).

The *Tagisan ng Mathitnik 2019* is an interschool math competition open to Grades 5 & 6 students and is organized by the Philippine Science High School – Main Campus. Congratulations, Kings!

RESERVATION FOR AY 2019-2020 STARTS ON FEBRUARY 11

Please be advised that Stonyhurst Southville International School - Malarayat Campus will start accepting reservations for AY 2019 - 2020 on **February 11, 2019**. We would like to prioritize your child as we firmly believe that you will entrust his/her education to SSIS.

For Nursery, Pre-Kinder, Junior Kinder, and Senior Kinder, please make sure you place your reservation at the accounting office particularly if you have schedule preference. No reservation shall be honored without paying the reservation fee of 5,000.00 per child. The school shall also implement first-come, first-serve basis.

BEST Reflections OF THE WEEK

Congratulations to the following students for having the Best Values Reflections of the Week.
Keep it up, Kings!

"I can show my determination in school through doing my best in all the tasks that are given to me."

– **Julia Mirabelle Magsumbol**, 1 Greece

"I dare myself to do difficult tasks because I want to be proud of myself."

– **Steff Margaret Mercado**, 1 Greece

"I have determination because I will never give up, when I fail. I will try and try until I get better."

– **Laureus Miguel Sumague**, 2 Spain

"I can show that I am a disciplined student by showing respect to others."

– **Amir Rashid Iribani**, 3 India

"I can show that I am a disciplined student by doing all what's written in the kindness project, not just to get signatures, I will follow it."

– **Aisha Joy Iribani**, 3 India

"Today, I practiced "determination" in accomplishing my goals. It shows when I drew my art today. Drawing is full of mistakes. Every stroke that I make either completes the work or worsens it. Often it makes the work worse. Despite that, I know what I had pictured in my mind. It was a goal that I wanted to achieve, and I was determined to accomplish it."

– **Eris Marrion Buenaventura**, 10 Peru

"Today, I practiced "drive" in accomplishing my goal. Drive and determination are different. I feel as if drive is why you are doing something. I am inspired by those people who are able to stand in front of thousands, do what they want, and people will still accept it. Sure, there will be skeptics who will try to pull you down, but once you learn to tune those people out of your life and feel free to do whatever you want, that is contentment."

– **Nathan Benedict Sandel**, 10 Peru

"I can't change the direction of the wind, but I can fly higher with the breeze."

– **Sophie Carstensen**, 11 Egypt

It's learning by doing!

SSIS CULMINATES 2ND TERM WITH SPELLS, GIDES, AND RICH

Stonyhurst Southville International School – Malarayat Campus prides itself in implementing the Integrated Curriculum Approach through the SPELLS, GIDES, and RICH which focus on application of skills and knowledge they possess which can be combined to finish a task, discover or explain a situation. Thus, on Monday, February 11, students will apply all their learnings during the term through fun activities prepared by their teachers.

SPELLS (Strategic Program form Emergent Literacy though Learning Shops) for ECED. SPELLS is a highly enriched program for ECED that uses the interdisciplinary approach in presenting subject areas. It makes possible for children to discover and appreciate the relevance of learning content to real life through actual observation, exploration, and experimentation. Highly stimulating and organized learning shops provide more room for individual uniqueness thus bringing to life the child's miniature world in the classroom.

GIDES (Giftedness through Interdisciplinary Educational Strategies) for Grade School. GIDES is an educational strategy empowering students to be active participants in their own learning. GIDES is an innovative approach in presenting a subject of study by using Common Themes Webbing and interrelating the different subject areas such that the students see the relevance of the learning content to real life and undergo learning process which foster permanent learning/enduring learning.

RICH (Relevant Integrated Curriculum for High School). RICH has the same principles as SPELLS and GIDES in terms of relevant integration of lessons in various subject areas whenever possible in the High School curriculum. The emphasis of integration on the following areas are: (1) skills in language such as listening, speaking, reading, and writing; (2) across subject areas - Science and SLGE subjects are used as springboards for grammar lessons; and (3) concept and theme integration - Value of the Month serves as guide for the interdisciplinary activities or project.
